Figure 1 consists of four bar charts, each representing a different statement category. The y-axis for all charts is 'Percentage of respondents' ranging from 0 to 100. The x-axis for each chart lists 12 statements. The four groups are color-coded: 'No information' (light blue), 'Information on the Internet' (dark blue), 'Information on the Internet and in the newspaper' (light green), and 'Information on the Internet, in the newspaper and in the radio' (dark green).

- Category 1: I am not interested in the environment.** Statements include 'I am not interested in the environment', 'I do not have time to think about the environment', 'I do not have the money to think about the environment', 'I do not have the knowledge to think about the environment', 'I do not have the energy to think about the environment', 'I do not have the motivation to think about the environment', 'I do not have the information to think about the environment', 'I do not have the resources to think about the environment', 'I do not have the skills to think about the environment', 'I do not have the tools to think about the environment', 'I do not have the materials to think about the environment', and 'I do not have the equipment to think about the environment'.
- Category 2: I am interested in the environment, but I do not know what to do.** Statements include 'I am interested in the environment, but I do not know what to do', 'I am interested in the environment, but I do not know how to do it', 'I am interested in the environment, but I do not know where to go', 'I am interested in the environment, but I do not know when to go', 'I am interested in the environment, but I do not know what to say', 'I am interested in the environment, but I do not know how to say it', 'I am interested in the environment, but I do not know where to say it', 'I am interested in the environment, but I do not know when to say it', 'I am interested in the environment, but I do not know what to do with it', 'I am interested in the environment, but I do not know how to do with it', 'I am interested in the environment, but I do not know where to do with it', and 'I am interested in the environment, but I do not know when to do with it'.
